

EXTRACURRICULAR ACTIVITIES 2021/22

Our proposal seeks to innovate, and at the same time to offer to children fun & nutritious activities, in cultural and social harmony with their environment. We offer a variety of possibilities to all members of the community in general. All of them in line with the interests of the age range of children from early childhood education to secondary school.

CHESS

Great for the brain, it strengthens the character. It brings discipline, patience and confidence in one own's skills. It helps concentration, creativity and strategic thinking.

- Memory
- Analysis

- Order
- Empathy

ACROBATICS

This sports activity, in the line of body control and gymnastic style, initiates the child in the development of muscular strength, flexibility, balance and coordination of the body through individual and group movements & postures.

- **Confidence**

- **Balance**

- **Team Spirit**

- **Discipline**

WORKSHOP OF EXPRESSION: COLLAGE & DRAWING. ARNO STERN.

In our Closlieu we will recover the confidence in our ability to play, by freely creating through collage, painting, drawing and modelling in a safe and respectful environment where we can be ourselves. Free from judgements and conditioners we can discover the pleasure of self-expression.

- Creativity
- Formulation

- Ethics
- Connection

DRAMA IN ENGLISH

Drama is a discipline where verbal and bodily expression stimulate imagination and creativity while improving diction and self-esteem.

- Memory
- Improvisation

- Emotion
- Confidence

MASTERS IN AUDIOVISUALS:

To autonomously produce their own multi-platform tv format, entirely generated by the participants with the required knowledge and tools adapted to their age.

MODULES

- **Audiovisual language**
- **Styles & Formats**
- **Idea & Script**
- **Technical Equipment**
- **Technical Material**
