Cartas representantes de familias; 1ºTerm curso 2022/2023.

Buenas.

Quisiéramos haceros partícipes que, como representantes de familias, ya hemos tenido la oportunidad de realizar las observaciones dentro de las aulas, siendo la experiencia realmente enriquecedora. El poder ver el enorme trabajo que hay detrás de todas las actividades que nuestros hijos realizan, la verdad es sumamente positivo.

Hemos podido comprobar como nuestros hijos disfrutan de una gran autonomía dentro de las aulas, realizando numerosas actividades con una tranquilidad y una dedicación llamativa.

Dentro del trabajo que realizan los niños, podríamos destacar lo enfocados que parecen estar en la actividad que están desarrollando en ese momento.

Queremos pensar que esto es debido a la preparación previa para el desarrollo de esas actividades, en el correcto ambiente de que disponen, y evidentemente en el entusiasmo que pone cada niño.

En resumidas cuentas, quisiéramos transmitiros que el poder estar presente en las aulas comprobando el trabajo que en ella se desarrolla ha sido una oportunidad sumamente gratificante y positiva que nos ha permitido conocer un poco mejor el entorno en que nuestros hijos se desarrollan.

Si alguno de vosotros tuviera alguna consulta relativa a cuestiones en las que os podamos ayudar, no dudéis en contactar con nosotros a través del correo disponible, y dentro de nuestras posibilidades intentaremos contestaros y resolver vuestras dudas.

Un saludo,

Representantes de Familias.

ENG.

Good morning,

We would like to let you know that, as representatives of families, we have already had the opportunity to carry out observations inside the classrooms, and the experience has been really enriching. Being able to see the enormous amount of work that goes into all the activities that our children carry out is very positive.

We have been able to see how our children enjoy a great deal of autonomy in the classroom, carrying out numerous activities with calmness and a remarkable dedication.

Within the work that the children do, we could highlight how focused they seem to be on the activity they are carrying out at that moment. We would like to think that this is due to the previous preparation for the development of these activities, in the correct environment available to them, and evidently in the enthusiasm that each child puts in.

In short, we would like to tell you that being able to be present in the classrooms to see the work being carried out has been an extremely gratifying and positive opportunity that has allowed us to get to know a little better the environment in which our children are developing.

If any of you have any queries regarding questions that we can help you with, please do not hesitate to contact us through the email address available, and within our possibilities we will try to answer you and resolve your doubts.

Best regards ;

family representative
